

Ruleset.Card

```
graph BT; HC[Ruleset.HeartsCard] --> RCard[Ruleset.Card]; WC[Ruleset.WizardCard] --> RCard;
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'Ruleset.Card'. Below it, a horizontal line connects two boxes: 'Ruleset.HeartsCard' on the left and 'Ruleset.WizardCard' on the right. A vertical arrow points from the center of this horizontal line up to the bottom of the 'Ruleset.Card' box, indicating that both 'Ruleset.HeartsCard' and 'Ruleset.WizardCard' inherit from 'Ruleset.Card'.
